As amended May 12, 2012

ARTICLE I. NAME AND TERRITORIAL LIMITS

The Florida District and Kiwanis International Bylaws shall be the governing sources for this article.

ARTICLE II. OBJECTS

The six Objects of Kiwanis International shall offer guidance when any situation arises not specifically addressed by these Policies and Procedures. Kiwanians should be mindful of the six Objects of Kiwanis International when conducting themselves at Kiwanis functions.

ARTICLE III. DIVISIONS

1. DIVISION COMMITTEE OF PAST LIEUTENANT GOVERNORS

Under the chairmanship of the Lieutenant Governor, an advisory committee of past Lieutenant Governors who are members of clubs in the division should meet periodically to counsel with the Lieutenant Governor on Kiwanis matters and all aspects of division administration.

DIVISION ADMINISTRATION

1. Statement of Purpose of Divisions.

For effective administration, it has been found advisable to divide the district into divisions. A lieutenant governor is elected to assist the Governor in each of these divisions. The divisions of the district are not additional organization units, but simply an administrative area in which the lieutenant governor carries on his duties of assisting the Governor. Lieutenant governors are trustees of the District.

2. Guidelines for Division Councils.

Division councils composed of representatives of the clubs of the divisions should be convened by the Lieutenant Governor for the purposes of discussion, consultation and coordination of Kiwanis programs and activities between the Clubs of that Division.

3. Purposes.

a. To promote divisional cooperation between the Clubs of the Division for the exchange of ideas without infringing on the authority of the Club or the Florida District as Kiwanis entitles.

b. To provide leadership, education and cooperation between the Clubs for promoting programs of the Florida District and Kiwanis International.

4. Meetings.

a. The number and place of meetings should be determined by each Lieutenant Governor according to local requirements. It is recommended that monthly meetings should be held. A minimum of one Division Council Meeting per quarter shall be held.

b. At least 14 days written or electronic notice shall be made by the Lieutenant Governor to the clubs of the Division and the District Secretary of the date, time and location of the annual Division election. The election shall be conducted as outlined in Florida District Bylaws and shall be concluded not later than the second week in March. (adopted 1-15-2011)

c. In the absence of a quorum, a subsequent meeting shall be scheduled and announced by the Lt. Governor, during the Division Council where the quorum could not be reached, that a new meeting will be convened within 14 days of the initial meeting, for the sole purpose of conducting Division elections. The Lt. Governor must provide written or electronic notice, within 72 hours of the originally scheduled meeting, of the date, time and location of the rescheduled meeting to all eligible participants and the District Secretary. (adopted 1-15-2011)

d. The names and signatures of each club's eligible and voting two members shall be included into the written Report of Division Elections. The report form shall include the names of the elected Lt. Governor, Lt. Governor-elect and Florida Kiwanis Foundation Trustee, as designated. The form shall also be signed by the current Lt. Governor, Immediate Past Lt. Governor and the designated election teller and forwarded to the District Office within 5 days of the election. (adopted 1-15-2011)

e. The presiding officer at Divisional Council Meetings should be the Lieutenant Governor. If he cannot be present, the presiding officer should be the Lieutenant Governor-Elect, or if he too, is unable to attend, a Past Lieutenant Governor chosen by the Lieutenant Governor. At the first meeting of the new administrative year a Division Secretary/Treasurer should be appointed by the Lieutenant Governor.

f. At the Division Council Meeting persons with voting and motion privileges shall be the Lieutenant Governor and two representatives of each Club within the Division. Division Chairmen, other officers or members of the Clubs of the Division may address the Council but shall not have the privilege of motions or voting.

5. Organizations and Operations.

a. The agenda for a Council Meeting should be similar to a Kiwanis Club Board of Directors meeting with appropriate opening and closing.

b. The program of the meeting, if any, shall be determined by the Lieutenant Governor.

c. A Division Council may, with the full cooperation of the leadership of the various Clubs, reach decisions for the mutual benefit of all in the Division, and which may require the clubs to be asked for some financial support on a voluntary basis.

d. No Club in any Division shall be obligated by any action taken at a Division Council.

e. It is recommended that the Division Council consider approval of a voluntary dues structure with proceeds to offset the expenses of the Division and its Lieutenant Governor's activities.

f. Each Division Council should formulate written "Operating Procedures" as guidelines for the operation and continuity of its Division Council. The "Operating Procedure" shall be in harmony with the Bylaws or Policies of Kiwanis International and the Florida Kiwanis District. A Division may not have its own Bylaws.

PROCEDURE FOR REQUEST FOR REDIVISIONING

1. When a club, division or District wishes to consider possible redivisioning, the requesting party notifies the Governor and District Office, in writing, of the intent. The governor then appoints a committee, of no less than three nor more than five Kiwanians, chaired by the Governor-Elect to work with the division in an advisory capacity.

2. The current seated Lieutenant Governor calls for a redivisioning discussion at least 30 days in advance of a division council meeting. The redivisioning discussion meeting can be held at a regularly scheduled or special division council meeting.

8. If the redivisioning involves clubs in more than one division, the Governor notifies the affected divisions and requests the current seated Lieutenant Governors of those divisions to follow these same procedures to approve or disapprove the proposed redivisioning.

9. The completed proposal is presented at the next scheduled Board of Trustees Meeting, following 45 days written notice. The current seated Lieutenant Governor(s) involved in this redivisioning process shall make the presentation and motion.

10. If the motion for redivisioning is approved by the board of Trustees, the redivisioning will take place at the beginning of the Kiwanis year of which all the regularly scheduled training would have been completed.

2. MANDATORY REVIEW OF DIVISION COMPOSITION

Beginning in 2012, the District Board of Trustees of Florida Kiwanis shall conduct a mandatory review of division composition every four years, corresponding to the years of the United States presidential elections. SALES OF BOOTHS AT DISTRICT CONVENTION

The following shall be the Board Policy Pertaining to Convention Booths and Displays:

1. The control and sale of convention booths and exhibits shall be the responsibility of the Kiwanis District and handled by the District Secretary/Executive Director. There are three principal reasons for this policy. 1. The convention services department is instructed to follow the instructions outlined in the function sheets and that any modifications need to be approved by the District Secretary/Executive Director. 2. The booths need to be attractively maintained and the district has a convention committee, which oversees the area on a regular basis. 3. All aspects of the convention are centralized under the direction of the District Office.

2. Proceeds of booth rental and merchandise sales shall be deposited into the Operational Account of the Kiwanis District. The Kiwanis District Board shall establish a booth rental fee. Additional charges for electricity or other special requests will be added to the base fee.

3. Commercial, club and individual exhibitors will be required to pay the established booth rental fee.

4. Candidates for District Treasurer shall have the Booth rental fee waived, provided the candidate has followed the proper procedure for filing and announcing their candidacy.

5. A booth rental agreement prepared by the District Office outlines specifically that the allocation of space and the assignment of locations shall be at the discretion of the Kiwanis District and that any booth rentals shall be allocated after those booths needed for Kiwanis purposes. Booths will be centrally located, whenever possible, in the Kiwanis Exhibit Hall. When this is not possible, every attempt will be made to provide exhibitors and sellers locations in high traffic areas.

6. The agreement shall also stipulate that the booths have to be attractively maintained and adequately staffed. Exhibitors are also required to pay the convention registration fee and attend the major convention meal functions in addition to the booth rental.

7. It is the District Board's opinion that the sales of Kiwanis supplies and general merchandise helps increase the organization's visibility. Therefore exhibitors are permitted to sell their products at the convention, after the items offered for sale have been approved by the District Secretary/Executive Director and Chairman of Finance and Fundraising.

8. Exhibitors shall be advised that other booths may be selling the same or similar merchandise. The Kiwanis District makes no guarantees of exclusivity.

9. All exhibitors shall be made aware from the very beginning that they may be competing for product sales and that an individual's decision to buy will be based on quality and price and that they will need to be competitive.

10. All solicitations for funds during conventions/conferences by a Kiwanis club or Kiwanis Family club must have Kiwanis District Board approval and must be confined to the booth space unless otherwise approved by the Kiwanis District Board.

11. No Kiwanis or Kiwanis family club may solicit funds, unless it has complied with this procedure.

CONVENTION FUND RAISING

Funds derived from the sales of goods and/or services shall be used to supplement the Kiwanis District's operational budget. This includes but shall not be limited to the sales of advertising, booths, Kiwanis supplies and/or souvenirs, trips and tours and the general revenues resulting from promotional activities which result in noncharitable contributions.

Funds raised as a result of this policy shall be deposited in the District's General Fund and incorporated into the annual budget.

3. This administrative allowance is in addition to the booth rental fee outlined under booth sales.
4. Booths for approved clubs/businesses to sell their merchandise at various Kiwanis events will be made available on a first come, first served basis. Booths will only be available if the facility where the event is being held has adequate space.

ARTICLE X. NOMINATION AND ELECTION OF OFFICERS

1. Election Guidelines

The Executive Director will provide the Committee on Elections with a manual of election guidelines.

2. Announcing Candidacy

Before announcing one's candidacy, the candidate should meet with a Committee of Past Governors, whose sole function will be to outline the requirements and expenses related to the position. The Past Governors will not prevent anyone from running.

3. Election Campaign Standards

- a. The Florida District Board and the Past Governors of the Florida District believe that it is necessary for a Kiwanian to have a broad exposure to Kiwanis in order to fulfill the responsibilities required of anyone holding an Executive Office. Therefore, before a person can seek the office of District Treasurer, he/she must have served as Chairman of at least three (3) District Committees.

and a current U.S. passport style photograph, in the format of the background check as is regularly and from time to time conducted by the United States Federal Bureau of Investigation. No candidate shall become qualified for election to the office of District Treasurer who is determined, pursuant to said background check, to have been convicted of or entered a plea of nolo contendere to any crime involving improper sexual conduct or has otherwise been designated as a sex offender or predator as those terms are otherwise defined by Florida Statute. Candidates shall be responsible for and pay all related expenses of conducting the background check. (*board action 8-27-09.*)

- c. Campaign literature may only be distributed in the exhibit areas and private rooms of the convention center or hotel. No literature may be distributed in convention sessions, workshops, or other meetings, nor may literature be distributed in rooms in which these sessions are held.
- d. After filing the appropriate written notice of candidacy, announced candidates may request and receive, at no charge, one district directory.
- e. Candidates for District Treasurer shall receive one complimentary table-top exhibit space. The standard exhibitors' fee has been waived for candidates by Board Action on January 26, 2008.
- f. Any candidate may request an opinion from the Executive Director as to whether any anticipated campaign practice is acceptable behavior. The Executive Director shall submit all questions of campaign ethics to the Campaign Ethics Committee for their opinion. The Campaign Ethics Committee shall be composed of past governors appointed by the current governor. No member of the committee shall participate in an opinion concerning a candidate for an office for which he or she is a candidate. An opinion will be given by majority of the committee.

9. INVESTMENT POLICY

(Adopted: 8-27-09)

Part 1. Background and Purpose:

This statement of investment policy reflects the objectives and constraints for the long-term investment portion of the assets of the Florida District of Kiwanis International. The Florida District of Kiwanis International is defined as the Florida District of Circle K International, the Florida District of Key Club International, the Florida AKTION Clubs, and the Florida District of Kiwanis International. The purpose of this Investment Policy Statement (IPS) is to establish guidelines for the prudent investment of the assets of the Florida District of Kiwanis International. This IPS covers all funds the Florida District Board of Trustees is responsible for, including those funds designated for the support of Service Leadership Program organizations listed above. In the process of identifying the investment strategies to be used, these guidelines provide stability in the management of the portfolios. The policy furthermore provides parameters for the portfolios by providing guidelines for selecting appropriate investments and classes of assets. It is recognized that from time to time the Board of Directors’ attitudes, expectations and objectives may change. Therefore, this policy statement is intended to

be used as a guideline rather than a rigid statement of policy from which there can be no deviation.

Part II Roles and Responsibilities:

Board of Trustees:

The Florida District Board of Trustees maintains the ultimate responsibility for approving and adopting the Investment Policy Statement and managing the investment assets. As the primary fiduciary, the major responsibilities of the Board of Trustees are:

- Control and account for all investment record keeping and administrative expenses associated with the accounts.
- Monitor and supervise all committees, service vendors and investment options.
- Avoid prohibited transactions and conflicts of interest.
- Select custodians for District assets.
- Review all reports and analysis provided by the Investments Oversight Committee to insure the investment approach reflects the true intention of the Florida District and the investment performance and resulting progress is commensurate with the Florida District's long-term planning.

Investments Oversight Committee:

The Investments Oversight Committee is responsible for overseeing the management of Foundation assets. This committee shall act solely in the best interest of the District and in concert with the mission of the District. It is authorized to engage the services of investment professionals. The Investment Oversight Committee's responsibilities include:

- Preparing and maintaining an investment policy statement.
- Setting and revising investment policies that the Board of Trustees must approve.
- Developing investment objectives, asset allocation strategies and performance guidelines.
- Recommending annual spending rates.
- Selecting Investment Consultants, Advisors, and Money Managers.
- Reviewing and evaluating investment results and approving changes as needed.
- Providing periodic performance reports to the Board.

Investment Consultant:

The Investment Consultant's role is that of an advisor to the Investments Oversight Committee. Investment advice concerning the investment management of assets will be

offered by the Investment Consultant and will be consistent with the investment objectives, policies, guidelines and constraints established in this statement. Specific responsibilities of the Investment Consultant include:

- Provide monitoring of the investments to ensure manager compliance with their stated investment objectives.
- Provide the Investment Committee with quarterly performance updates, including any qualitative changes with regards to the managers.

Investment Managers

Investment managers are responsible for making investment decisions based upon their predetermined process and philosophy. The specific duties and responsibilities of each manager are:

- Manage the assets in accordance with the guidelines and objectives set forth within the individual manager's marketing materials and/or that which is reported to institutional investment consultants.
- Use the same care, skill, prudence and diligence under the prevailing circumstances that experienced investment professionals, acting in like capacity, and fully familiar with such matters, would use in like activities for like portfolios, with like aims, in accordance and compliance with the Prudent Investor Rule and all applicable laws, rules, and regulations.

Custodian:

Custodians are responsible for the safekeeping of the District's assets. The specific duties and responsibilities of the custodian are:

- Provide monthly reports that detail transactions, cash flows, securities held and their current value, and change in value of each security and the overall portfolios since the previous report.
- Value the holdings.
- Collect all income and dividends owed to the District.
- Settle all transactions initiated by the Investment Managers.

Part III. Investment Philosophy and Objectives:

The Board's investment philosophy is to exercise ordinary business care and prudence in its investment of District assets considering the long and short-term needs of the District in carrying out its charitable purposes, its present and anticipated financial requirements, expected total return on its investments, price level trends, and general economic conditions. The Board recognizes that the uncertainty of future events, volatility of investment assets, and the potential loss in purchasing power are present to

some degree with all types of investments. While high levels of risk are to be avoided, the assumption of a moderate level of risk is warranted and encouraged in order to allow the opportunity to achieve satisfactory results consistent with the objectives and investment philosophy of the District.

a. General Objectives. Assets of the District shall be invested in a manner consistent with the exercise of ordinary care and prudence under the facts and circumstances prevailing at the time of the investment action or decision.

- Assets of the District should be invested in a manner consistent with the fiduciary standards and prudent investment standards as set forth in the Third Restatement of the Law: Trusts (Prudent Investor Rule) (1992), directed that a prudent man, acting in a similar capacity familiar with such matters, would use an investment of like character with like aims and with due consideration given to the tax exempt status of the District.
- All transactions must be undertaken for the sole interest of the District’s portfolios and its beneficiaries.
- The assets must be invested with the safeguards to which a prudent person would adhere.
- Investments shall be diversified so as to minimize the risk of large losses unless under the circumstances it is clearly prudent not to do so.

b. Investment Goals. The District seeks to achieve a reasonable rate of total return, consistent with prudent investment choices having a medium or moderate relative volatility.

Part IV. Portfolio Constraints:

Time Horizon:

The investment guidelines for the portfolio are based upon an investment horizon of greater than 5-10+ years and interim fluctuations should be viewed with appropriate perspective. As such, the policy allocation should be based upon the appropriate long-term time horizon.

Liquidity Requirements:

With liquidity defined as either anticipated or unanticipated needs for cash in excess of contributions, the District’s liquidity requirement is average. To minimize the possibility of a loss occasioned by the sale of a security forced by the need to meet a required withdrawal, the Florida District will periodically provide the advisors with an estimate of expected net cash flow. The Florida District will notify the investment advisor in a timely manner, to allow sufficient time to build up necessary liquid reserves. Expectations for ongoing annual capital contributions are expected to be \$ _____ annually and will be used

to offset regularly scheduled distributions from the portfolio.

Taxes:

The taxable implications of the District are generally not an issue and tax exempt investments should not be considered for investment unless the risk/return profile of the investment is advantageous to the long-term objectives of the District.

Part V. Asset Allocation:

The Investments Oversight Committee believes that long-term investment performance, in large part, is primarily a function of asset class mix, and the tactical approach to adjusting exposure to available asset classes in accordance with market conditions.

History shows that while interest-generating investments, such as bond portfolios, have the advantage of relative stability of principal value, they provide little opportunity for real long-term capital growth due to their susceptibility to inflation. On the other hand, equity investments, such as common stocks, have a significantly higher expected return but have the disadvantage of much greater year-by-year variability of return. Alternative investments, which can have a wide range of volatilities and incorporate additional risk factors over traditional long-only portfolios, are recognized as having low correlation relative to those traditional long only portfolios. From an investment decision-making point of view, this year-by-year variability may be worth accepting, provided the time horizon for the equity portion of the portfolio is sufficiently long (five years or greater). In general, the District shall be invested in accordance with the target levels set forth in the table immediately below, with maximum and minimum percentages for each asset class as stated.

	Lower Limit	Strategic Allocation	Upper Limit
Domestic Equity	0.0%	30.0%	70.0%
International Equity	0.0%	20.0%	30.0%
RE & Tangibles	0.0%	10.0%	20.0%
Alternative Investments	0.0%	10.0%	60.0%
Fixed Income	20.0%	25.0%	40.0%
Cash Equivalents	0.0%	5.0%	80.0%

The Investments Oversight Committee will periodically determine optimum asset allocation targets based on market conditions, and convey those targets to the Investment Consultant. Rapid unanticipated market shifts may cause the asset mix to fall outside the policy range provided by the Investments Oversight Committee. The Investment Consultant(s) and/or the Investment Oversight Committee will be responsible for rebalancing aggregate fund assets and ensuring that any deviations are as brief as possible.

Modest asset allocations falling outside the minimum and maximum ranges may be rebalanced back to target levels using normal Fund cash flows. Asset allocations significantly exceeding minimum and maximum ranges should be re-balanced to target levels, or levels within the prescribed ranges by the reallocation of assets among the Fund's investment pools.

Part VI. General Investment Guidelines:

General. To ensure that the District's assets are invested within the specified asset allocation targets, are well diversified, and are of appropriate quality, the Investments Oversight Committee has developed specific investment guidelines for the Investment Consultant(s) retained by the District. These guidelines should be viewed as providing general boundaries to the Investment Consultant(s)/Portfolio Managers as they implement their role in carrying out the District's overall investment strategy and their investment mandate. The Investment Consultant/Portfolio Manager is expected to oversee the management of the Foundation's assets in a manner consistent with the investment objectives, guidelines and constraints outlined in this statement.

Performance Measurement

The Investments Oversight Committee will perform periodic comparative performance analysis on the portfolio. The evaluation process will compare each manager's performance against a representative benchmark as well as universe of comparable peers. The management style and process of the money manager must be maintained throughout the life of the investment contract.

A manager may be placed on a "watch list" and a thorough review and analysis of the investment manager may be conducted, when:

- A manager performs below median for their peer group over a 1, 3 and/or 5-year cumulative period.
- A manager's 3-year risk adjusted return (Alpha and/or Sharpe) falls below the peer group's median risk adjusted return.
- There is a change in the professionals managing the portfolio.
- There is a significant decrease in the product's assets.
- There is an indication the manager is deviating from his/her stated style and/or strategy.
- There is an increase in the product's fees and expenses.
- Any extraordinary event occurs that may interfere with the manager's ability to fulfill their role in the future.

A. Cash Equivalents

Cash equivalent investments will be held as necessary to meet the liquidity needs of the Fund. Additionally, cash equivalents may be held by the Fund's investment managers, consistent with the Fund's asset allocation guidelines, as a hedge against market volatility. Safety of principal is the primary consideration for the Fund's cash equivalent investments. The Fund's cash should be invested in a well-diversified portfolio of high quality cash equivalent instruments or money market funds that use similar diversification and quality constraints. It is desirable that the Board use interest bearing money market funds, FDIC insured certificates of deposit, U.S. Treasury Bills and other cash equivalent securities with a maturity of one year or less. A commitment to any federally insured institution shall not exceed that covered by insurance.

B. Fixed Income

1. Guidelines.

- a. Fixed income assets selected for the portfolios must have a readily ascertainable market value and must be readily marketable.
- b. Bond and corporate debt obligation maturities may not exceed 30 years.

Adequate diversification across the individual holdings should be maintained. The investment manager may not:

- Invest more than 15% of the assets taken at cost in any one industry or group of related industries.
- Invest more than 5% of the assets taken at cost in any one company.
- Invest more than 5% of the assets taken at cost in any one issue. (U.S. Government guaranteed issues and its agencies are excluded from these limitations.).

2. Restrictions.

- a. U.S. Government Obligations, including fully guaranteed Federal Agencies. - No restrictions
- b. Commercial Paper
 - Must be rated within the two highest classifications, by two rating services.
 - Must mature within 270 days or less from issue.
- c. U.S. Government-sponsored Agency Obligations (not fully guaranteed). - No restrictions.
- d. Corporate Debt Obligations. - Must be investment grade.
- e. Individual derivatives may not be purchased.

C. Equity Investments – Common Stocks.

The following guidelines on common stock investments shall apply.

1. Individual issue or individual common stock purchases shall:

- Be registered on a national securities exchange.
- Not exceed more than 5% of the outstanding common stock of any one company. Not exceed more than 5% of the portfolios' assets in any one corporation valued at cost.

2. Restrictions – Common Stock Investments. The

District is not authorized to invest in the following classes of securities, nor will it allow the employment of any of the following market techniques without the Board's written approval.

- Purchase individual issues of unregistered or restricted stock.
- Deal in individual issues or direct naked options. Covered option writing is permitted as are options utilized in a hedging program designed to protect portfolio values.
- Purchase on margin or with borrowed funds or sell short.
- Purchase private placement debt.
- Directly purchase real estate.
- Mortgage, pledge, hypothecate or in any manner transfer, as security for indebtedness, any securities owned or held by the District portfolios.
- Purchase Conditional Sales Contracts or Lease-Backs.

Market Timing and Shifts

To the extent the Investments Oversight Committee engages outside professionals to manage the District's assets, the Board of Trustees desires to grant the Investment Consultant(s) reasonable discretion in such fund management. At the same time, however, the Board of Trustees desires to make clear that this policy statement was developed based on the Investments Oversight Committee's study of proven performance patterns in the capital markets. The Investments Oversight Committee in turn recognizes the considerable evidence showing that the passage of time causes the greatest rewards to accrue in favor of consistent investing approaches, and that, without reasonable, careful adherence to the asset allocation guidelines contained in this IPS, the portfolio's risk exposure could deviate from expectations.

Changes in Investment Policy

The Board of Trustees recognizes that the existence and growth of its funds are critical to the successful accomplishment of its stated purpose and therefore recognizes the necessity for a sound and responsive investment policy set forth in this IPS. Given this importance, the Investment Oversight Committee will typically review this IPS quarterly, but no less frequently than annually, and subsequently make recommendations to the Board of Trustees as to any changes that the Investment Oversight Committee considers appropriate.

Subsequent to its review of the Investment Oversight Committee's recommendations, the Board of Trustees will direct the Investment Oversight Committee to make such changes to this IPS as the Board of Trustees deem appropriate.

Despite the mandate for the reviews called for in the preceding paragraphs, the Board is fully aware that frequent major changes to investment policy can produce potentially damaging inconsistencies. In particular, the Board of Trustees recognize fully that periodic changes, or even "responses", to current market conditions, particularly the type that can be characterized as reversals of direction, may be particularly undesirable.

Notwithstanding the above, however, the Board of Trustees believes that it is important that this IPS be responsive to changing conditions.

Frequency of Policy Review

The Investment Oversight Committee will use each of its periodic investment performance evaluations as occasions to also consider whether any elements of existing policy are either insufficient or inappropriate. At a minimum however, the investment policy will be reviewed annually. Environmental or operational occurrences which could result in policy modification include:

- Significant changes in expected patterns of the District's obligations;
- Impractical time horizons;
- Change in the District's priorities, as set by the Board of Trustees;
- Convincing arguments for change presented by the Investment Consultant; and
- Areas found to be important, but not covered by the investment policy

INVESTMENT POLICY REVIEW:

The Investment Oversight Committee will review this IPS with the Board of Trustees at least annually to determine whether stated investment objectives are still relevant and the continued feasibility of achieving the same. It is not expected that the IPS will change frequently. In particular, short-term changes in the financial markets should not require adjustments to the IPS. It is the obligation of the Board of Trustees to notify all interested parties of any material changes that would alter the objectives or construction of this portfolio. If all interested parties are not notified of these material changes, then the current investment policy statement is invalid.

This IPS is not a contractual agreement of any kind and therefore by signing it the Board of Trustees will not be bound to any arrangement. It is only meant to be a summary of the agreed upon investment management techniques.
